The meeting adjourned at 7:40pm.

Emma Herron, President

Kevin Hauglie, Secretary

Initials

### Kind words can be short and easy to speak, but their echos are truly endless. Mother Teresa

Community feedback:

Please extend my deepest appreciation to your administrators and staff for your covid vaccination program. I received my second vaccination today and was as impressed this round as I was in the first round with the efficient manner, from texted notifications/confirmations to staff enthusiasm and care, by which this service was organized and delivered. My wife will receive her second vaccination in couple weeks and as aging seniors we both are extremely grateful for the care provided locally by your hospital.

*I have shared my experience with others who are a bit envious...some have had to drive to Yakima for shots and others have yet to find appointments.* 

Sincerely, Carnation, WA

### Growth

Growth initiatives must be measurable, consistent with our mission, financially sustainable, and responsive to the health needs of those we serve.

- **COVID Testing** We continue to provide COVID and FLU testing in our drive up services. The number of tests being performed has decreased significantly to about 400 per month compared to a high of 2,000. The positive COVID rate is now down to 2.4% as compared to a high of 7.9%.
- **Ridge Clinic Expansion** The city has worked very collaboratively with us to align the addresses of the clinic to be suite A & B at the same address. This is relieving us from having to do expensive infrastructure remodeling. The team has reevaluated this space and will be focusing on renovation opportunities that are focused around the consumer experience. Our goal will be do a formal grand opening and ribbon cutting in the summer months.
- Walk-in Clinic Clinic volumes are still below existing capacity with most patients being able to find same day or next day appoints with their providers. We have not experience a high demand or utilization of the walk in clinic. The patients that are taking advantage of the option are our current patients. The team is evaluating several different options at this time.
- SML lab SML is our partner with our reference lab testing. CFO Ritter has taken lead on this joint venture. He is working to improve our services to SML & their customers, reduce inefficiencies in our current processes and evaluate opportunities for growth. With some commitment to process changes on both sides, there is potential for future business development. CFO Ritter toured some of the SML sites and was pleased to learn that the SML

vision aligns very well with what we are hearing from staff during our strategic planning sessions.

## Quality

The commitment and continuing efforts to use measurable interventions to propel and sustain improvement that contributes to better patient outcomes, better system performance, and more satisfying experiences.

- **MSA for Overlake ED performance –** The quality metrics and success indicators for the ED performance have been agreed upon and established for the period of one year. Those measures will be number of pts arriving by ambulance, SVH hospital admission volume and rates, transfers, visit length, and patient satisfaction.
- Accountable Care Organization (ACO) SVH clinics participate in an ACO program. Being part of the ACO gives us greater opportunity to grow our infant population health program by providing us with additional resources and data. Much of the early work with the ACO is training to utilize the tools now available to us. This partnership opens up services to our patients such as transportation services, meal services, grocery vouchers, and gift cards to local businesses for meeting important health milestones. The quality payment program offers 5% incentive to eligible participant providers for meeting certain metrics. We have a lot of opportunity to learn about the ACO and how we can partner to improve the health of our patients.

## Relationships

Relationships are at the core of our existence. Relationships, based on mutual respect and trust, are interactions that will make us better as individuals and an organization.

- COVID Vaccinations We continue to provide drive through vaccinations as well as special vaccination clinics for our community. This past month we have received minimal first dose vaccination allocation forcing us to close our appointments to people seeking first dose vaccinations. We continue to receive our allocation of second dose vaccination and we have been able to vaccinate those needing 2<sup>nd</sup> doses. As soon as we receive additional 1<sup>st</sup> dose vaccine, we will open appointments for the community once again. We will also be working with the local schools to provide immunizations to teachers and child care providers who are now eligible.
- COVID Mass Vaccination We are partnering with the Snoqualmie fire department to implement a plan and infrastructure to execute a mass vaccination clinic. We are targeting Saturday or Sunday and planning to have it on campus utilizing our drive through facilities. More info to come as details become available. Vaccine availability is driving the timing of this event.

• **CEO Rounding** – CEO Jensen completes formal staff rounding on a consistent basis. Once a quarter she works with the dietary staff to provide individual snacks for the staff. This is a fun way to recognize the staff, engage at the bedside, and learn more about our organization. The staff have received this new process well and enjoy seeing the executive team. Rounding will be a practice that we continue to introduce more formally across the organization to increase communication, transparency, and staff engagement.

## Finance

Balanced budget, positive cash flow, debt repayment and positive financial returns on District investments.

- See finance summary prepared by CFO Ritter for more details on financial performance.
- State Audit The state auditors conducted their exit conference at the February finance committee meeting. Congratulations to CFO Ritter and the finance team for a clean audit with no findings!
- **Cost Report** The finance team is working diligently with DZA partners to prepare the 2020 cost report. A large additional scope of work for the 2020 year will be to ensure accurate reporting and documentation for any COVID related funds that were received.
- **2018 Noridian Desk Review.** Finance team and WIPFLI began submitting documentation for the 2018 Cost Report Audit.
- **WSRHIT** Washington State Rural Healthcare Insurance Trust. This is a trust that SVH participated in the past. Due to the lack of participation from insurance plans, the trust is disbanding. The members have all secured health insurance for their organizations outside of the trust. When the trust is terminated, the remaining funds will be distributed among the remaining members. The distribution will be directly applied towards the purchase of current benefits/coverage for employees.

## Operations

Functions or activities of an organization that are necessary to run its business and to support the core functions of treatment and payment.

Electronic Medical Record (EMR) – The introduction of Epic in the ED has raised some new operational challenges highlighting the sense of urgency around creating a plan to select and implement a new EMR. We are putting a team together to evaluate the options and keep the board informed of our progress. This project is estimated to take about 18 - 24 months of time. We will need to be realistic about the resources needed to implement the new EMR as we define our strategic plan initiatives going forward.

#### 30 Day priorities - updates:

- 1. Ensure a smooth, positive and confident transition for Dr. Witkop, the board, Executive team and the organization. (Includes hiring a new Chief Medical Officer and restructuring of the org chart and leadership responsibilities)
  - a. Dr. Rachel Thompson starts full time April 19<sup>th</sup>.
  - b. Dr. Witkop is continuing to transition and hand off responsibilities through the first part of April. She has now transitioned to a support role for committees and operations. We are discovering areas that need additional knowledge transfer and gathering important documentation as needed.
- **2.** Creation of a strategic plan which will involve staff engagement, leadership input, Board guidance and executive team expertise which will result in the ability to operationalize strategies and keep the organization focused and on track.
  - a. Board and leadership teams have all been briefed on the timeline and plan for completion of the strategic plan.
  - b. Background information such as the environmental scan for healthcare in the United States and the local community health needs assessment have been reviewed and considered.
  - c. Outstanding information on the current market analysis is still to come. Target date is mid-march.
  - d. Initial visioning, SWOT and prioritization sessions have been completed with the Executive team and Directors.
  - e. Foundational team building and foundational norms have begun with the management team.
  - f. Board 1:1 sessions are being scheduled.
- **3.** Growth across the system focusing on ED, outpatient services, acute care, and primary care. (part of this will initially focus on hiring a Director of Marketing, communications and community engagement)
  - a. The Director of Engagement and Strategic Communications started this month. There is a tremendous amount of work to be done in this area and we will need to prioritize and stay focused. An initial work plan has been created and is underway.
  - b. Specific strategies for market growth in identified areas are being developed.
- 4. Culture shift for the organization to increase accountability, structure, setting clear expectations and increased communications. The majority of changes in this area are targeted for March which will include introduction of huddles, CEO reports, more frequent leadership team meetings, and organization wide sharing of leadership team meeting minutes. Small expectations for performance are being introduced now as the opportunities arise naturally.

- a. Huddles have been introduced to the organization. Currently there is a daily executive team safety huddle, a weekly leadership strategic huddle and the COVID meeting has shifted to be a weekly huddle format.
- b. Organizational communications and information sharing have begun. We are identifying areas that staff would like to be more informed and the best way to provide this information to them.
- **5.** Development and implementation of an Operations Excellence program to continue to evaluate and capture cost reductions and revenue opportunities.
  - a. Still in the discovery stage of this work. Gathering ideas, making the lists and beginning the research to determine feasibility of each item. Next steps will be to estimate the costs or revenue associated with each item before developing plans to recognize the R&E.

Respectfully Submitted,

Renée K. Jensen

## Public Hospital District No. 4, King County Finance Committee Minutes March 2, 2021

## Present:

David Speikers, Commissioner, Chair Emma Herron, Commissioner Renée K. Jensen, CEO Patrick Ritter, CFO Karyn Denton, COO/CNO Kim Witkop, MD, CMO Jim Baldauf, Director of Finance

• Audit Exit Conference conducted with representatives from State Auditor's Office.

## January 2021 Finances

## **Income Statement Narrative:**

Commissioner Speikers discussed the costs of hiring a marketing director. The basis for this was that the need to communicate and connect with "Ridge" citizens is great. The response was that we need to hire a marketing director and the ROI for operation "Excellence" will make sense.

Net patient revenue was 6% above our targeted monthly budget for January. A daily inpatient census of 25 attributed approximately \$2,200,000 in acute/swing bed revenue. January ER revenue increased \$100,000 over December, totaling just over \$1,000,000. Clinic revenues were down by about \$230,000 from December. There were about 1300 fewer visits to the clinics in January.

Increased revenues provided a small operating profit of \$87000 Used \$268,500 of Stimulus Funds for net income of \$182,289.

#### **Expense Variances**

Salaries reported at \$155,500 below budget. Mainly due to open positions.

Professional Fees were \$184,000 over budget—covid19 agency-related expenses.

**Supplies were \$43,886 above budget**. Inpatient medical supplies and pharmaceuticals related to higher inpatient census caused the variance.

Utilities were \$13907 above budget. Diesel Fuel, Gas, and Disposal increased.

Repairs and Maintenance \$7928 above budget due to elevator repairs.

**Purchased Services were \$55236 above budget**—\$20000 of increased patient accounting fees due to increased net revenues and \$35000 in COVID 19 expense.

#### **Balance Sheet Highlights:**

- Assets increase ~\$4,000,000
  - Annual Tax Receivable at the beginning of the year.
  - Cash increase
- Total Liabilities increase ~3,860,000
  - Deferred Tax Revenue for the year
  - Note payable to Overlake (To be Forgiven in 3 years)
- Increase in Equity \$140,000
  - Net income

#### **Cash Flow Statement Highlights:**

- Operating Activities increase of ~\$5,800,000
  - \$180,000 Net Income
  - AR decrease \$423,000
  - Decrease Stimulus funds (\$268,500)
  - Overlake Note Payable \$966,000
  - Deferred Tax Revenue \$3,668,000
  - Current Long Term Debt \$1,778,333
- Investing Activities decrease (~\$920,000)
  - Equipment Purchases
  - 0
- Financing Activities decrease (~\$1,900,00
  - Long-term debt rolled to current liability.

Total cash increase \$462,921

#### AR Days Goal 55

- 60 Days
  - AR down \$423,000

March 2, 2021 – Page 2

## **Bond Covenants: (Snapshot forecast)**

• Debt Coverage 2.32 requirement 1.20

-

- Reserve Requirement is at \$3,675,188 as required.
- Days cash is 123. The bond requirement is 60

## Payor Mix:

	January
Medicare	85%
Medicare HMO	11%
TriWest / L&I	1%
Commercial	1%
Medicaid	0%
Self-Pay	0%

## **Comments**:

- Patrick will update vendor contracts with collection agency from 2003.
- COVID funds can be used for signing bonuses to attract new employees.

**NEXT MEETING**: Tuesday, March 30, 2021 – 11:30am-1:00pm – Zoom Approved:

## MEDICAL COMMITTEE OF THE BOARD [by teleconference] Date: March 2, 2021 4:00 – 5:00 pm

**PARTICIPANTS:** Commissioner Dariel Norris-chair; Commissioner Emma Herron, Kim Witkop, MD, CMO; Karyn Denton, COO/CNO; Renee Jensen, CEO; Patrick Ritter, CFO

## FACILITIES COMMITTEE MEETING MINUTES

February 23, 2021 12:00 pm – 1:00 pm Snoqualmie Valley Hospital Via Zoom

**Committee Members**: Commissioner Kevin Hauglie, Chair Commissioner Jen Carter Karyn Denton, COO/CNO, Executive Chair Renee Jensen, CEO

Patrick Ritter, CFO Scott Nohavec, Facilities Director

#### Old Business:

1. <u>SRMC TI project:</u> City and Fire Marshall have confirmed that one address can be assigned to both office locations, which prevents the need for the construction previously proposed, and overall cost. (ADA lift, pass-through). Team is reviewing modifications to design.

#### New Business:

1. <u>Maintenance Issues</u> – HVAC system outages in early January that resulted in identification repair and maintenance needed to reduce condensation on the control station for the system. The system was shut down; wires reconfigured through the conduit and installed new/correct filters at the control box. This appears to have corrected the issue.

- 2. Facility Usage As of April 2020
  - a. Due to COVID-19 all external uses of the community room are cancelled until further notice

#### 3. <u>Environment of Care</u>:

**Emergency Management** – Continue in external triage due to pandemic.

Fire Safety Management - No report

Hazardous Materials Waste Management - No report

#### Medical Equipment Management - No report

<u>**Physical Plant</u>** – Experienced fumes from vehicle emissions and heater fumes within the vaccination drive through facility. Repairs made by building a small shelter inside the existing shelter to help trap the heat and moving away from the diesel fire heater.</u>

<u>Safe Patient Handling</u> – <u>Safety Management</u> - Adherence to CDC and DOH guidelines regarding visitors, staff and patients.

Security Management - No report

Utilities management - No issues to report

**Workplace Harm** - We will be scheduling de-escalation training, which is offered by WSHA at no cost. This will focus on staff training and a review of the SVH Workplace Violence/Harm Prevention Plan.

**East Campus:** 1. Finance staff have now relocated to campus.

#### **OTHER:**

- 2. <u>Certificate of Occupancy update</u> City continues to work on processes related to bill of sale transfer. No status report from the City Attorney. Commissioner Carter volunteered to reach out to her contacts at the City.
- **3.** <u>SVSS</u> Resuming discussion with King County regarding their interest in support for a year round shelter vs. temporary shelter. No new updates from SVSS.
- 4. EMR may potentially be placed into Facilities Committee in the near future.

#### Next meeting: March 24, 2021 – 12:00pm– 1:00 pm – Location Teleconference

**Approved:**
